

“A Child’s Choice gave me peace of mind going back to work after my first and second daughter.

Shirlyn’s loving gentle approach combined with her education and experience, working with infants and toddlers, made me confident my girls were in safe hands. Potty training, learning sounds and letters, were all gently provided by Shirlyn, with consistent updates and communication to the parent which I greatly appreciated. My older daughter who is now in Junior Kindergarten misses going to daycare and spending time with Shirlyn, as she provides many fun and education activities for all of her day care children.”

Kyla

Our 3 year old daughter Amiyah has been with Shirlyn at A Child’s Choice Home Daycare since May 2013. A friend of ours referred us and after meeting with Shirlyn we knew right away she would be the perfect person to care for our princess. Let’s face it....she sees her more than we do and we can honestly say Shirlyn has helped mold her into the smart, funny, beautiful little girl she is today. She wakes up each morning excited to go there and learn, play games and see all of her friends. Shirlyn is an amazing, patient, kind hearted woman and she will always hold a special place in our hearts.

We definitely recommend A Child’s Choice Home Daycare to anyone who is looking for a safe, educational and loving environment for their precious little ones.

Thank you,
Andrea and Ali Vic

I am extremely satisfied with A child's choice daycare. Shirlyn is such a natural with all the kids in her care. My son loved her from the first day and is excited about going to daycare.

I'm amazed at how much he has learned! He knew all of his colours, could identify a few letters and a few numbers, before he even turned 3.

I would recommend A Child's Choice daycare to any parent looking for the best possible care for their child.

Nichola
